The British Standards Institution is incorporated by Royal Charter.
Management Systems (UK) Headquarters: P.O. Box 9000, Milton Keynes MK14 6WT. Tel: 0845 080 9000

Certificate No: **Q 06228**

Registered Scope:

The design and manufacture of torque tightening equipment and torque measuring equipment to 100,000 Nm under the trade name Norbar or to customers specific requirements. Products include manual torque wrenches with capacities up to 1500 Nm. Electronic and hydraulic bench mounted torque wrench analysers with capacities up to 4000 Nm. Electronic transducer systems capable of measuring torques up to 100,000 Nm. Hand operated and powered torque multiplying systems, with torque output up to 100,000 Nm. Mechanical test beam sets for calibrating torque measuring systems up to 5000 Nm. Torque related products to customer special requirements are engineered to order within and above the capacities indicated above. Services include the servicing, repair and also re-calibration of customers' equipment. The above scope states the activities for which the firm operates a quality system complying with the standards cited on the certificate. This certification ensures the quality system requirements are met and maintained and shall not be taken to infer any connotation with regard to the firms ability to conduct calibration to particular accuracies.
